Apologies:

Christine Bowes

Jacky Ivimy – volunteering to assist

Hazel Strange – volunteering to assist

Jean Haines

Paul Newman

Minutes

1.0 Thanks to Clare for getting the job of inputting completed .

2.0 David went through the findings - Traffic was the top subject from the document, which David said was not unusual, but the strength of feeling is much greater than other parishes. David to prepare for 18th February.

Upton Bishop NDP Steering Group Minutes

6th January 2020

Millennium Hall 7:00 pm

- 3.0 Other parishioners' concerns - church parking, very little on heritage, road maintenance, buses, houses - majority wanted no more than 9.
- 4.0 Comments made about no contact with business – we did discuss when questionnaire was being created - Was agreed need to identify the business and send them a questionnaire – DN offered to forward a business questionnaire. Group need to draw up a list of businesses in Parish to approach.
- 5.0 Phocle Green was raised a lot. It is “water under the bridge” and cannot be included in this NDP plan.
- 6.0 Many issues not for NDP, but to be referred to PC for comment and distribution to the relevant parties (i.e. Church parking, facilities for children at the hall, reduced fees etc. road maintenance for PC to pick up) – possible discussion at Open Evening
- 7.0 Discussed the property list which David went through we have 21 built and if we include what is in planning there are 35

If planning goes through, we do not need a call for sites, so hopefully by Feb meeting we should know whether we need to prepare docs.

8.0 NDP feedback meeting for parishioners is 18th Feb in Main Hall

Next meeting scheduled for 10th February 7:00 pm in Committee Room at Millennium Hall to discuss the presentation – closed meeting

Brian Spencer – Steering Group Chair
