

UPTON BISHOP PARISH COUNCIL

Information Privacy Notice

The Parish Council holds personal information on councillors, staff, contractors and individuals it has contact with. This information will be stored securely, whether electronically or as paper records, so that only authorised people can use it, within the scope of their authority. Such information is only retained for as long as necessary.

Electronic records are stored on a password-protected computer held by the Parish Clerk. The password is changed regularly. The computer has anti-virus and firewall software installed and is regularly backed-up.

Parish Councillors hold contact details of individuals in touch with them. All Councillors' computers are password and virus protected.

The Footpaths Officer holds contact details of individuals in touch with him. Copies of this data are sent to the Parish Clerk and his computer is password and virus protected.

Paper records are stored in the clerk's office. Records could be required by criminal justice agencies or Her Majesty's Customs and Revenue.
